Background of Sankalp English Academy:

“If we want to make the world a better place for us and for our future then we must take care of our present and they are none other than children. We need to give them a little support and they will give it back to the world.”

SANKALP believes the desired changes in the lives of such children will come only when more and more privileged people start participating proactively in finding a solution. It works with the philosophy that the only way to ensure a better future for these children is by educating them. SANKALP believes that helping others is not simply a matter of dispersing money but of making a deep, long-term commitment and casting a hard eye on results. With this model, SANKALP finds innovative solutions to this social issue.
