The course commenced on 27th March 2023 and spanned over Fifteen days, concluding on 20th April 2023. Each day, students participated in theory and practical sessions, totalling two hours per day.

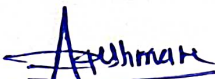

All 126 students from the B.B.A-(CA) successfully completed the Certificate Course in Front End Development & Certificate Course in Python Using AI including the required project, within the stipulated timeframe.

Students gained Front-end development courses aim to enhance various aspects of Front-end development involves creating the user interface and experience of a website or application. It focuses on the visual aspects and functionality that users interact with directly. Front-end developers use languages like HTML, CSS, and JavaScript to design and implement the layout, design, and behavior

of websites and applications.
